

# Wind Up Dream

**Beady Eye**

If tonight is all we have  
Then make the bed with sheets of glass  
Let's take it out for one last laugh  
Come on, come on

If yesterdays is all we got  
We tie our bones in one big knot  
Squeeze it out 'til every drop  
Is all gone, all gone  
Come on

It's just a wind up dream  
So don't wake me up  
'Cause I like what I see  
With my eyes shut

Whooo!

Solid gold glints in your eye  
A cheeky grin that really makes me smile  
The world will want a bit  
The world will want a bit

It's just a wind up dream  
So don't wake me up  
'Cause I like what I see  
With my eyes shut

Aah, aah  
Aah, aah  
Aah, aah  
Aah, aah

It's just a wind up dream  
So don't wake me up  
'Cause I like what I see  
With my eyes shut

Aah, aah  
Aah, aah  
Aah, aah  
Aah, aah
