

# Remember Them Days

Beanie Sigel

Yeah, uh it's all good now  
It's all good now  
We out the hood now  
It's all good now  
We out the hood now  
We out the hood now  
It's all good now  
We out the hood now  
It's all good now, NU

Who thought we'd see the day when we'd put our feet up  
Lay back, exhale, put the heat up  
No stress, no scale, no jail could keep us  
Only case we catching now would be a misdemeanor  
Remember we used to hustle thinking life would cheat us  
Not knowing if we struggled life would treat us  
Think on how mommy carried us  
Where life gon lead us?  
Knowing if we getting married  
Our wife will need us  
If at one time you could look into my mind  
When I close my eyes and remember them times  
No gas, had a hot plate heat our dinners  
No cash, most nights ate sleep for dinner  
Welfare and white landlord, that life ain't easy  
The only ones moving up was George and Weezy  
All my sugar water babies who live in autos, it's crazy  
Keep it in the dark, I'mma speak it from the heart

Remember dem days  
Livin' all days in doubt  
Remember dem days  
Thinking there's no way out  
Remember dem days  
Not knowing which way to route  
It's all good now  
We out the hood now  
Remember dem days  
All of us under the covers  
Remember dem days  
Heating up the house with the oven  
Remember dem days  
Thinking that life ain't love us, come on  
It's all good now  
We out the hood now

Remember kids who run the block  
You never thought they would get harmed  
Only time our block got wet was when the sprinklers were on  
Think about that time dawg that wasn't long  
Now that we got kids think when we was born  
Coming up in my hood was hard  
Every day my mom cooked with lard  
Fucked up I couldn't feed myself  
Living life no means of wealth  
Eating shit I can't believe myself  
That's not a joke

Man I was dealt these cards and I played dem out  
Yeah the road was rough but I made a route  
Now picture running extension cords from your neighbor's house  
To get lights, fuck Max on the latest routes  
Used to close my eyes try to fade it out  
Dumb niggas in the hood think I made it out  
Man that showed me just where they mental at  
And tell me half of these cats ain't been through jack

Remember dem days  
Livin' all days in doubt  
Remember dem days  
Thinking there's no way out  
Remember dem days  
Not knowing which way to route  
It's all good now  
We out the hood now  
Remember dem days  
All of us under the covers  
Remember dem days  
Heating up the house with the oven  
Remember dem days  
Thinking that life ain't love us, come on  
It's all good now  
We out the hood now

Yo every day I think Deke and Rola  
>From introducing me to Dame and Hovah  
Ever since that day I met Jay  
Man I knew my pain was over  
They let me in this game it's over  
Mom I know I put you through hell  
But now I'm gonna order you heaven  
No more temporary layoffs like Florida Evans  
Ain't no good times about dat there  
Your boy rhyme now, it's fine now  
We out dat there  
Fuck that Access car  
I'mma work extra hard  
To turn that into a platinum express car  
You can have sweet dreams at night  
Your boy ain't out there with dem toys and them pings at night  
All dem cracks and the gats left that life alone  
It's the tracks and the raps and the microphone  
Wish y'all would fuck that up now  
Shit it's all good now  
We out the hood now

Remember dem days  
Livin' all days in doubt  
Remember dem days  
Thinking there's no way out  
Remember dem days  
Not knowing which way to route  
It's all good now  
We out the hood now  
Remember dem days
