

# Why Wouldn't I

Beanie Sigel

Let's get it, yeah ugh  
Oh yeah nigga I am here  
I ain't going no where nigga (yes yes) I ain't no where  
You niggas givin' out no punk-ass flesh wounds  
Picture a nigga taking something from me nigga  
I'm Mack Montana you gotta call a Sosa over here to kill me nigga

Why wouldn't I be mister him for real  
One of the few who got it in for real, oh it is true  
I am him no I am not them  
Cause them there be fake, him here got cake  
Clear him 8 feet of space, 'fore the 8 lift off his waist  
Lift a nigga 8 feet to space  
Come on hun, you will forever be stuck under the biggest thumb  
You keep dealin' with them crumbs  
Keep dealin' with them bums who receive they funds  
In my new sized sums  
I am a big dog like Glenn Rob  
These niggas small like teacup Yorkies  
Back up off me, you'll never get crack off of me  
Catch me ridin' dirty, and I am far from a Chamillionaire  
Way further than a millionaire, I won't rest my nerve  
Until a billion is clear  
One million, two million, three million, four  
I need nine hundred six million more  
I won't stop getting this dough  
'Til I get enough to get Mumia off the road  
What's the dealin', y'all up in your feelings?  
Cause your boy is up in the millins  
Stack my shit up to the ceiling, Sig is chillin'  
What would I ever say I about a killing  
You niggas popped, you should have got me good  
Where I am from it is understood, if you  
Grab hold of that smoke pole  
You better hold that shit with a choke hold, empty out quick then reload  
All you niggas my "hijos"  
I give out shitbags, put tubes in P holes  
Excuse me? That is what I thought, don't confuse see  
What a baby gonna do? Wear your diapers  
I am a '06 pied piper  
Here to lead all you rats out to the city limits, it is a pity though  
I don't talk no flute, this pipe I hold, do have 7 holes  
One in the nose, have the dozen in the speed load  
Here to run you rats back in your cheese hole  
While I just grab hold of the cheese, oh

Why wouldn't I?  
Be that stand up man that I say I am  
How couldn't I?  
Expose all y'all niggas for the rats you are  
Why shouldn't I?  
Represent for my niggas who stand up tall  
Why wouldn't I?, how couldn't I?  
Why shouldn't I?, why wouldn't I?

Be a chip of the old Roc  
I can't understand how you dicks just wanna hold cock

You might as well suck it  
Or get fucked from it, you ain't far from it  
You little dumb shits  
Don't act like you don't know who done this  
I did this to you  
I'm like Sonny I peep game in reverse  
And y'all game is rehearsed  
And I came from the dirt  
I'm like the same with the earth, I go on tilt and I circle you son  
You niggas cancer  
I'm bull headed when I'm holding the Taurus  
King of the jungle?, you a Leo but you cowardly hearted  
I'm like Neo, reloaded on hard disk  
You have just entered the Matrix  
I got the keys to the gateway, clear my space, I am here

Why wouldn't I?  
Be that stand up man that I say I am  
How couldn't I?  
Expose all y'all niggas for the rats you are  
Why shouldn't I?  
Represent for my niggas who stand up tall  
Why wouldn't I?, how couldn't I?  
Why shouldn't I?, why wouldn't I?

Why wouldn't I?  
Be that stand up man that I say I am  
How couldn't I?  
Expose all y'all niggas for the rats you are  
Why shouldn't I?  
Represent for my niggas who stand up tall  
Why wouldn't I?, how couldn't I?  
Why shouldn't I?, why wouldn't I?
