

Back off get your hands off me  
Baby don't you try nothin' funny  
I don't need nothing from you  
No, I don't need the pressure now

I've got a sweet little somethin' at home  
Everything about her makes it warm  
She may make it easy  
But at least she isn't sleepin' around

I can't help but feel I let you down

I tried  
But I never really got around  
To treating you like the queen you think you are  
'Cause I didn't think that you were worth it  
No, you're never gonna be the same  
And you're never gonna change  
I try and try again  
But you're too stupid  
To see how stupid you are

God damn it, I don't want to admit it  
You've got a way with me and she doesn't get it  
I know (I know)  
I should probably let it go

So I'll start  
Trying to start again  
And probably never see your face again  
I gotta make it easy  
So my baby won't be sleepin' around  
But I'll probably run it to the ground

I tried  
But I never really got around  
To treating you like the queen you think you are  
'Cause I didn't think that you were worth it  
No, you're never gonna be the same  
And you're never gonna change  
I try and try again  
But you're too stupid  
To see how stupid you are

I tried  
But I never really got around  
To treating you like the queen you think you are  
'Cause I didn't think that you were worth it  
No, you're never gonna be the same  
And you're never gonna change  
I try and try again  
But you're too stupid  
To see how stupid you are
