

Peas & Love

Bear Ghost

I'm a-smitten
Pleased as a punchbowl
A skippin' beat that slapped a patch on my heart hole
Ooh
You're the freshest squeeze
A bee with lots of knees
Yeah, baby, you got it all

I can't believe that
We have so much in common
Like how we sneeze when we inhale too much po... achoo!
(Bless you)
When you're glad you laugh and
When you itch you scratch
Honey, you got it all

I wrote you a la la love song
My heart is singin' for you
And I'm singin' along, we go
"Bee-boppa-doo-doh
Badoo-bee-doo-wah"
Baby, you're one of a kind
And you're mine, all mine

What are the odds
We're both allergic to arsenic?
And neither of one us can
See in the dark, it's
Weird!
We're two peas in a pod
No, ain't a single flaw
Can you believe we're BOTH peas?

When you snap and crackle you pop-shoo-bop, honey
And when you know you happy you clap-shoo-bap
Can't get enough
You're unlike anyone
You love having fun
Surreal

I wrote you a la la love song
My heart is singin' for you
And I'm singin' along, we go
"Bee-boppa-doo-doh
Badoo-bee-doo-wah"
Baby, you're one of a kind

A billion stars out there
Somehow we both wound up on this one
You must be destiny
I can't think up another reason
I know that this planet ain't a star, but
What I meant was
Something like a metaphor
That's a comparison between two things that aren't like but kinda are, see,
earth and stars are both celestial bodies

I love the way you got a
Head on your shoulders
I love the wrinkles that you'll
Get when you're older
When we're cold and blue
I'll still be there by you
And I'll still rage for that booty

I wrote you a la la la la love song
My heart is singin' for you
And I'm singin along, we go
"Bee-boppa-doo-doh
Badoo-bee-doo-wah"
Baby, I'm so glad you're mine, mine
"Bee-boppa-doo-doh
Badoo-bee-doo-wah"
Baby, you're one of a kind
