

Starkiller

Bear Ghost

(Baby, I'm your starkiller, yeah, your starkiller
Baby, I'm your starkiller, yeah, your starkiller)

I've been watchin' you for quite a while now
It's getting all too hard to bite my tongue
I know you've caught my gaze, and you've tried to look away
But I think it's time we had a little fun

I know you find my aura so seductive
You're running from it each and every day
Your lover's got no clue what you want, but, oh, I do
And I'll show you if you promise that you'll stay

Open wide
Your dark side

I want it all
Hey Ani, won't you mosey on down from the light?
Tired of waitin', make up your damn mind
It's alright, we both know that you want it, don't ya be so shy, shy
We will walk the sky (Stop this fight), fly (You can't hide)
Don't resist, just give in, save us some time
Well, I'd ask for your soul, but it's already mine

(Your starkiller, yeah, your starkiller)

Angry with their boring conversations
And sick of doing everything they say
But if you side with me, I'm controlling, but you'll see
That you'll get to pick the dirty games we play

Open wide
Your dark side

I want it all
Hey Ani, won't you mosey on down from the light?
Tired of waitin', make up your damn mind
It's alright, we both know that you want it, don't ya be so shy, shy
We will walk the sky (Stop this fight), fly (You can't hide)
Don't resist, just give in, save us some time
Well, I'd ask for your soul, but it's already mine

(Your starkiller, yeah, your starkiller)

Decades of unchallenged domination
Never thought you'd have the guts to walk away
Go run to your new boy, you were nothing but a toy
Just another weak mind to manipulate

Open wide
Your dark side

I want it all
Hey Ani, won't you mosey on down from the light?
Tired of waitin', make up your damn mind
It's alright, we both know that you want it, don't ya be so shy, shy
We will walk the sky (Stop this fight), fly (You can't hide)

Don't resist, just give in, save us some time
Well, I'd ask for your soul, but it's already mine
