

## Pill Hill

## Bear Hands

I got nothing, what can I say?  
Looking up from the [?]  
I want something for the pain  
No one understands me

Right down the line  
You do yours and I'll do mine  
No cheeking our pills tonight  
Yeah, alright  
Right down the line  
You do yours and I'll do mine  
No cheeking our pills tonight  
Yeah, alright

I'm a rehab VIP  
Never gonna get clean  
It's too nice in here to leave  
I'm still not ready

Right down the line  
You do yours and I'll do mine  
No cheeking our pills tonight  
Yeah, alright  
Right down the line  
You do yours and I'll do mine  
No cheeking our pills tonight  
Yeah, alright

Right down the line  
You do yours and I'll do mine  
Right down the line  
You do yours and I'll do mine

Right down the line  
You do yours and I'll do mine  
No cheeking our pills tonight  
Yeah, alright  
Right down the line  
You do yours and I'll do mine  
No cheeking our pills tonight  
Yeah, alright

Right down the line  
You do yours and I'll do mine  
Right down the line
