Tall Trees

Bear Hands

```
Tall trees
They are easily pulled
Palm trees
I am easily bored
Full lights on a green screen
Light up like a machine yeah
Beep read hum compute
Something's coming through,
Through, through, through

Sunset sunrise
Dark circles or light eyes
I eat cats for their nine lives
And I'm building a third eye yeah
Beep read hum compute
Something's coming through
Through, through, through
```
