

# Thought Wrong

Bear Hands

I thought we were in love  
But you proved me wrong  
I thought we were in love  
But now you're gone

Haven't heard from you  
Since august 17th  
Ruined by the blues  
I count the days now  
Stay proud, truth is useless  
Looking back at us  
Just imagine I thought

We were in love  
But you proved me wrong  
I thought we were in love  
But now you're gone  
Can you believe that I believed  
That we were in love all along

Try to see it my way  
You would say the same things  
Make the mistakes  
Find the silver lining  
You would change what you hate about us.
