

Fuel On The Fire

Bear's Den

I can't find you
I wouldn't even know where to look
Said you'd meet me back here someday
Things change
Was it all in my mind?
Was I lost in my own head
Worrying about something I regret?
Is there anything I don't regret?

And no, it's not just the memory of you
It's all that comes with you
As the images start to stutter and skip
Disintegrating into sparks that glitch
There's a demon in the server
And histories we cannot erase
You're so close and so far away
You're so close now

You're pouring
Fuel on the fire
I can't get enough
Fuel on the fire
Now I'm burning up
Fuel on the fire
And I won't ever stop
Fuel on the fire
Remembering how to love
Remembering how to love

I can't help it
I only wish that I could
Always hoped you come back here someday
Things change
Was it all in my mind?
Am I lost in my own head?
Worrying about something I should have said?
You're the only thing I don't regret

Fuel on the fire
And I can't get enough
Fuel on the fire
And now I'm burning up
Fuel on the fire
And I won't ever stop
Fuel on the fire
Remembering how to love

Fuel on the fire
And I can't get enough
Fuel on the fire
And now I'm burning up
Fuel on the fire
And I won't ever stop
Fuel on the fire
Remembering how to love
Remembering how to love
Remembering how to love

Remembering how to love
