

# Teach Me, Ava

Bear's Den

Teach me how to feel  
Teach me what to say  
Tell me who you're needing  
Teach me how to change

I can't sit still  
I'm too nervous  
I'm dying to meet you  
There's not much time left

Ava

You are all there is  
You are all there is  
You are all there is  
Ava, Ava

You are all there is  
You are all there is  
You are all there is  
Ava, Ava

Teach me how to wonder  
Teach me how to forget  
We'll find the pieces of the stories  
That have all been torn to shreds  
We'll put them together  
Piece by piece  
Teach me to remember  
How to believe

Ava

You are all there is  
You are all there is  
You are all there is  
Ava, Ava

You are all there is  
You are all there is  
You are all there is  
Ava, Ava

You are all there is  
You are all there is  
You are all there is  
Ava, Ava

You are all there is  
You are all there is  
You are all there is  
Ava, Ava
