

Live Forever Never Die

Bearings

I've got a new soul that feels a little bit like me
It's been a while since you were in my dreams
Life in concept
Death in art
I see through it but
I still hear your voice in the dark

I don't think that I could ever leave
I don't think that I could ever leave
In the moment let it go
Leave my body take my soul
In the end it's you and I
Live forever never die

Hit the ceiling let you mind
See this in a different light
Never said it would be easy
Slipping through the hands of time
Falling in and out of phase
Nobody will take your place
In the end it's you and I
Live forever never die

Take a trip down to the ocean
Get your feet wet feel the motion
Of the waves wrap around you now
It's a mindset, so what do you want
I don't know yet, so where have you gone
Honest yet so care free

I don't think that I could ever leave
I don't think that I could ever leave
Take a moment let it breathe
Find a feeling underneath
Every word and every line
Live forever never die

Hit the ceiling let you mind
See this in a different light
Never said it would be easy
Slipping through the hands of time
Falling in and out of phase
Nobody will take your place
In the end it's you and I
Live forever never die

If it's what you need and what you feel then let me know
Cause all I need is something free inside my soul

If it's what you need and what you feel then let me know
Cause all I need is something free inside my soul

(Hit the ceiling let you mind
See this in a different light
Never said it would be easy
Slipping through the hands of time
Falling in and out of phase

Nobody will take your place
In the end it's you and I
Live forever never die)

Hit the ceiling let you mind
See this in a different light
Never said it would be easy
Slipping through the hands of time
Falling in and out of phase
Nobody will take your place
In the end it's you and I
Live forever never die
