

Inside Out

Bears In Trees

[?] The real slayed-y
This shit's slayed equal [?]

Conversations at a coffee shop
I didn't order Earl Grey and it's too hot
Insulated loft space keep me soft
Coffee and coughing and laughing and now
I can see there's something in your eyes
Your cheeks are starting to get baptized
We base our lives on cliches
We don't base cliches on our lives

Happiness, sadness, anger, and contempt
Fright, surprise, fear, love, and disappointment
Happiness and sadness, anger and contempt
Fright, surprise, fear, love, and disappointment
