

Hell Of It

Beartooth

Welcome back
You couldn't resist planting seeds of denial
Till you reap the harvest
Take it all I barely exist
Rip the flesh off my bones
Make a feast of my carcass

It's a habitual ritual of the darkness
Waking up with my eyes sewn shut
All my nerves are frozen solid
I can never get out until you take your cut

Take it all I barely exist
Take it all I barely exist

Why am I a dreamer
I can't take this
You dig a little deeper
Just for the hell of it

Why am I a dreamer
I can't take this
You dig a little deeper
Just for the hell of it

I can't discern the shapes I'm seeing
So out of phase with the state I'm in
At least my heart is finally pounding
I love the taste of my own medicine

Take it all I barely exist
Take it all I barely exist

Why am I a dreamer
I can't take this
You dig a little deeper
Just for the hell of it

Take it all I barely exist
Take it all I barely exist
Take it all I barely exist
Rip the flesh off my bones
Make a feast of my carcass

Why am I a dreamer
I can't take this
You dig a little deeper
Just for the hell of it

Why am I a dreamer
I can't take this
You dig a little deeper
Just for the hell of it

Just for the hell of it
