

# Go To Hell

**Beast In Black**

Facing the night, no peace of mind  
Barely live again  
Blood comes out, I scream and shout  
But the pain won't fade away

Yearning for the dawn

Go to hell, you demons  
Go to hell, where you belong

One man war against the world  
The lone wolf's on the hunt  
Bless my rage with a hymn to hate  
Suffocate my agony

All is said and done

Go to hell, you demons  
Go to hell, leave me alone

Go to hell, you demons  
Go to hell, where you belong  
Go to hell, you demons  
Go to hell, leave me alone

Go to hell, you demons  
Go to hell, where you belong  
Go to hell, you demons  
Go to hell, never come back
