Beast In Black

I explore bizarre desires incognito
Feed my suicidal libido
Posthuman parasite doll, fetish vehicle
Dark pleasure outside the comfort zone

I am the whiplash, you are the thunder
A primal hunger, now is the time
My kinda lady, silver and crazy
No room for maybes, we're partners in crime

Our private liberation of a lethal caress
Unsheathe your claws, my lioness
I delve into the center between your thighs
Insatiable demon undisguised

I am the whiplash, you are the thunder
A primal hunger, now is the time
My kinda lady, silver and crazy
No room for maybes, we're partners in crime

A fallen angel, sweet and pernicious
You're my delicious unholy wine
My kinda lady, silver and crazy
No room for maybes, we're partners in crime

My kinda lady, silver and crazy
No room for maybes, we're partners in crime
