

# Repentless

Beast In Black

Unholy martyr  
To save this world  
Hybrid utopia  
My dream will perish nevermore  
It's a blessing of malice and gore

War cries! Hell horn!  
Carnage of souls

Taste my reward  
This will be your downfall

Behold its rising  
A God is born  
Black wings unfolding  
Repentless I condemn you all  
Raping the mind of the whore

War cries! Hell horn!  
Carnage of souls  
Taste my reward

This will be your downfall  
Legions of doom  
Morbid and cruel  
This day will bring  
One dream, one king to die for

The hour is calling  
For my new realm  
Nightmares now beat the drum for  
Eternal hell

War cries! Hell horn!  
Carnage of souls  
Taste my reward  
This will be your downfall  
Legions of doom  
Morbid and cruel  
This day will bring  
One dream, one king to die for
