Disaster

BEAT CRUSADERS

Pray for me after all
I’ve nothing to lose
I’m standing in rain
In vain

So many days’ been passing by
With all my dreams I have to say good-bye
What a fool I let you go

Nobody found the end of winter time
But I’ll be there and waiting you reply
Morning dew fall on my toe

Wild horses on the road
I tried myself to go
Explode!

Pray for me after all
I’ve nothing to lose
I’m standing in rain
In vain

Pray for me after all
Nothing to lose
It’s almost refrain

Days of disasters...
