## BEAT CRUSADERS

Darlin, without you  
Too much conversation  
Darlin, without you  
Too much information  
Darlin, without you  
Everyday goes

Darlin, without you  
Too much desperation  
Darlin, without you  
Too much destination  
Darlin, without you  
(With or without you)  
Everyday flows

Hold on  
Standing in the shadow  
Watching the people in the way

Let it hold on  
You got no cast a shadow  
Watching the people turn away

How long d'you roam?  
Until the dawn?

Some might say same old questions  
Somehow they don't need me no more  
Some might say same old questions  
Somehow they don't need me anymore
