Fool Groove

BEAT CRUSADERS

Got to go,I got to go
I fall in lonely love with you
Uh ah

Got to go,I got to go
I'm so in lonely love with you
Uh ah

Don't know how many time I try
I wanna tell you 'bout it over the night
Don't know why,baby,no reply
I'm gonna hang out with you over the world

Love will shine with you
Don't go anymore
Don't go anymore
Fool groove
Love will shine with you
For evermore
It's for evermore
With you
