

# Monologue In My Heart

BEAT CRUSADERS

The night might save the morning sun  
Won't you feel the same?  
Cuz' you got let it slow

Tonight I'll skip the closing time  
But don't you feel a shame  
Cuz' you don't blame it all

This time I'm missing the sun goes down  
Next time I'll make it the sunshine brighter

I love you  
Ain't no days of youth  
There's a way to truth  
Only the way you show

I love you  
Ain't no days of fool  
There's a way to lose  
Only those days you've gone

Monologue in my heart

The night might save the morning sun  
Won't you feel the same?  
Cuz' you got let it slow

This time I'm missing the sun goes down  
Next time I'll make it the sunshine brighter

I love you  
Ain't no days of youth  
There's a way to truth  
Only the way you show

I love you  
Ain't no days of fool  
There's a way to lose  
Only those days you've gone

Monologue in my heart

Hey my friends  
Won't you go drink with me?  
Take my hand  
Don't want to go alone  
No one is waiting home  
There is no place to go

I love you  
Ain't no days of youth  
There's a way to truth  
Only the way you show

I love you  
Ain't no days of fool  
There's a way to lose

Only those days you've gone (monologue in my heart)

I love you  
Just the way to truth  
Way to truth  
Only those days you've gone

Monologue in my heart...
