

## Sad Symphony

BEAT CRUSADERS

Sad symphony, sad symphony,  
I don't want to play it all alone

She said "Why don't we love to be alone?"  
I said "I know we have to get along"  
She said "Where are we got to get to go?"  
I said "place we belong"

This is not mean to me  
What it's all about  
This is not mean to be  
I got it all
