

Second That Emotion

BEAT CRUSADERS

You'd better knock me out
Just before you kneel down
Won't you let me speak out
You'd better not to feel doubt

I don't care about what you say
You need a little time to take this game
I don't care how much you pay

Go! I'm ready now!
Give me the judgement!

I don't care
Even you're knockin' me down
I don't care
Even you're rockin' me down
