BEAT CRUSADERS

I don't know reasons why you cry  
I don't know reasons why you hide

Forget the nightmare  
Forget the nightmare  
Baby, your call's close to my heart  
Dreaming the night away

We don't need to escape  
We all need the sunshine to believe

Don't go falling down  
Nothing fears you anymore  
Don't go going down  
Nothing's gonna fear you anymore again
