

Zenith

BEAT CRUSADERS

There's no someday
Don't postpone
Aint no sunshine
Don't you frown

Forepassed portraits
On my wall
Tell me something
No one knows

Dive into sky
Zenith into nowhere
Dive into shives
In the dream we will forget

Baby, I would pick up all the pains
Maybe I would walk out in the rain
Crying like an injured wolf

Dive, Sky, Shive, Crying,
Dive, Sky, Shive, Tonight?
