

Me Untamed

Beat Happening

Everything i've learned
It's been burned(/didn't work)
Everything i've known
Has been blown(/didn't blow)
But you got love insane
You got me untamed
Me untamed
You got me black and blue inside of you
I'm racing to the edge of my chain
You got me untamed
Untamed...
Hey ugly duckling
Let's get lost tonight
When i feel you breathing down my neck
Yeah yeah everything's all right
But you got it insane
You got me untamed
Me untamed
There's a side of you
That welcomes cruel
(that won't come through)
Are you gonna let me out of this cage
You got me untamed
Me untamed
Gonna dig you in the land tonight baby
Gonna dig you in the land tonight
Gonna dig you in the land tonight
All the things i do
Are thru
Feel you on the edge of heaven
(feels like the edge of heaven)
Yeah, coming for me soon
But you got love insane
You got me untamed
Untamed
