

# Branches On A Tree

Beatenberg

Sudden shower of hail  
Find the nearest place of shelter  
Coming down like nails  
Didn't take us long to melt away

Bring me right back  
Bring me right back to you  
Getting sidetracked  
Take a side track to you

What you see  
Is what you want to see  
Every day  
Another way to say infinity  
You and me  
Branches on a tree  
Dancing in a hurricane  
Until we break free

Consequence of the storm  
A broken solar panel  
A child is born  
In my pocket is the acorn

Bring it right back  
Bring it right back to you  
Getting sidetracked  
Take a side track to you

What you see  
Is what you want to see  
Every day  
Another way to say infinity  
You and me  
Branches on a tree  
Dancing in a hurricane  
Until we break free  
Until we break free

What you see  
Is what you want to see  
Every day  
Another way to say infinity  
You and me  
Branches on a tree  
Dancing in a hurricane  
Until we break free  
Until we break free  
Until we break free  
Until we break free

I don't wanna be  
Patterns on a screen  
Want you next to me  
Branches on a tree  
Stare into the sun  
Sink into the sea
