

Camera

Beatenberg

You don't give away much
'Cause you don't say much at all
You keep your head down
In the lecture hall
You got ideas
But they're not clear in a crystal ball
What you keep hidden
Beneath the rhythm
At the folds of your shawl

Don't look at me
Look at the camera
Don't look at me
Look at the camera
Don't close your eyes
Look at the camera
Oh, oh
Cool as can be
Look at the camera

Don't make her pay sums
To that renaissance man
He's so complacent
It's so impatient, da-na-na
He doesn't know you
The way I know you
The way I understand
Though I've put places
Before my gazes
I'm also a man

Don't look at me
Look at the camera
Don't look at me
Look at the camera
Don't close your eyes
Look at the camera
(Don't look at me)
Ooh, ooh
Cool as can be
Look at the camera

Don't look at me
Look at the camera
Say what you see
Look at the camera
Don't look at me
Look at the camera
Don't look at me
Look at the camera

Give it a moment's time
I'm makin' an endless line
Assumin' they let you know
I'm makin' the moments mine
It's taken me all this time
To finally let you go

Give it a moment's time
And give it a second line
Whatever you know, you know
I'm makin' the moments mine
It's taken me all this time
To finally let you go
