

## Naomi

Beatenberg

I feel so innocent, I feel so guilty  
I'm stayin' at a hotel by the sea  
I saw you yesterday from my veranda  
Your German shepherd was lookin' at me

I keep thinkin' I can do it without you  
Naomi, I underestimated you  
Now everybody's talkin' about you  
Forgive me, Naomi

I feel so vulnerable, I feel so strong  
I live in a mansion with somebody new  
I keep on seein' you through the hydrangeas  
Through the rectangular panel of truth

I kept thinkin' I could do it without you  
And Naomi, I underestimated you  
Now everybody's talkin' about you  
Forgive me, Naomi

I keep thinkin' I can do it without you  
Naomi, I underestimated you  
Now everybody's talkin' about you  
Forgive me, Naomi

I kept thinkin' I could do it without you  
And Naomi, I underestimated you  
Now everybody's talkin' about you  
Forgive me, please don't give up on me  
Naomi, please don't give up on me  
Naomi, please don't give up on me

Forgive me, Naomi
