

Spirit Level

Beatenberg

They're dancin' on the grass
I want to be them
Behind a pane of glass
Where I can see them

Search my mind
The words aren't here
Why do I wanna keep you near?
Nevermind

Come judge my workmanship
Angles and bevels
Take out your measuring tape
Your spirit level

Search my mind
The words aren't here
Why do I wanna keep you near?
Nevermind

Contortin' you

Keep lovin' you
[?] lovin' you
I keep lovin' you
I keep lovin' you
I keep lovin' you
I keep lovin' you
I keep wantin' you

Calm as a mirror
Cool as a mountainside
Warm as a temple
Wild as a turnin' tide
Hand of a gibbon
Reachin' through yellow light
Nest of the weaver
I must've done somethin' right
(Oh-oh-oh)
Must've done somethin' right
I'm feelin' better (Oh-oh-oh)
Close to the river
Leaves on the water
You must've got somethin' right
