

Caught a Play

BeatKing

I just came back from cloud 9
A good bitch is so hard to find
I just caught a play and rewind
I beat that pussy up all the time

Nigga I just caught a play
Nigga I just caught a play
Nigga I just caught a play
Nigga I just caught a play
Nigga I just caught a play
Nigga I just caught a play
Nigga I just caught a play
Nigga I just caught a play

Nigga I just caught a play
Caught a play like I'm Bobby Bushay
I got two hoes in that game
They throwed they ass like a bouquet
No bitch I can't be your bae
Just bring me that money, obey
Pull up, pull up in
Pull up in a motherfucking
Pull up in a phantom paper sacks on it
Haters on my dick
Bitches saw they ass on it
If the bitch thick
Then I throw some bands on her
Drop her off
Later I put some hands on her
Club Godzilla, I just caught a play
Keep it on swagger and they don't stray
I just feel like get a rich bitch gay
That's how they know bitch, I represent that A
Hold up, I just got back home from Germany
I let the foreign hoes put the head on me
And they throw they breath on me
I don't know nothing
I ain't got shit to say
I ain't got shit to say
Pull up in a phantom
Bad bitch in the passenger
Passing a truck
Waving, a fuck nigga mascot

I just came back from cloud 9
A good bitch is so hard to find
I just caught a play and rewind
I beat that pussy up all the time

Nigga I just caught a play
I swear it was yesterday
Four hundred miles out the way
Throw the money all in my savings
You can see the smile on my face
None of we getting this cake
Don't hate, let the fan let it see
Cause none for you, nigga it's a bet

How did you get fame lately
Fuck them niggas, let them hate
Did blowing up my phone
Tell them hoes don't mess with me
One step on these niggas
Splash a drink at real ass niggas
Call a plane like whisperly
They going like go coach nigga
Heavy waiting, they hard headed
Got a few niggas in my league
Don't get tired, go for the team
Got the whole homies standing round me
Finna snatch on a nigga like this
Good Fred gonna drop that beat
Oh
Oh
Oh
Oh

I just came back from cloud 9
A good bitch is so hard to find
I just caught a play and rewind
I beat that pussy up all the time
