Never fall off, I can never fall off  
Never fall off, I can never fall off  
Never fall off, I can never fall off

I stack that paper, fuck a hater  
Once they talk down, the first nigga congratulation now

Relationships, that's what I ruin  
Knock it down, I don't say bye to it

Young bitch I'm a addiction  
She killing it, [?] trilling the nigga, she dealing with

I just flipped the flow like a gymnast  
Uh, Club God you in beast mode  
I'm no joking no heath hoe  
Give me brain, don't use teeth though

Fresh mane got your baby mama all [?]  
She heard I got that bum whoo [?] baby  
I dig that lean move quicker than a brick of yay  
Swear to God I'm seeing big cheese like it's picture day  
So you know when a nigga straight boomin' chicks lesbian  
These niggas hoes too, full of oestrogen  
I pop trunk on the pedestrian  
Tell her bust it open like a piñata cause she Mexican  
Got some head off her, call it decapitation  
That's for my signature move on [?]  
Momma said I can be anything in this world except a doctor  
I gotta like a patient  
So I dropped her off and told her I don't need college  
Big bank rolls and a lot of street knowledge  
Bunch of side hoes and I'm tryna keep silence  
I never fall off even when I'm freestyling  
3000 for a pair of sneaker's  
I'm bumping me out the Camaro speakers  
Remember when I used to wear a beeper  
Niggas they would hit my line  
"Ayo Short let me come and get a dime"  
"My momma woke, I'ma have to meet you"  
I was trapping out the garage

Used to drop a mirage

Now she down to record  
I tell her get off her knees and [?]  
And please

Never fall off, I can never fall off  
Never fall off, I can never fall off  
Never fall off, I can never fall off
