

## Save Us

BeatKing

All i ever had to do is get my mother fucking mind right  
Came from nothing my momma was broke i know what a dime's like  
You say you a beast but to me you look like the lying type  
Niggers say they you until they see you in the limelight  
50 thousand middle finger up to all my haters  
Super curve the the more hoes who use to play us  
Pull up in the rari having hoes just looking like a sage  
My whole team lost up in this play and you can't save us

Studi hood studi hood I'm the best from here  
Got my first gun from here not from here then don't come here  
Back when i was broke i use to daydream about today  
None of those niggers from my daydream hanging around today  
They thought it wasn't possible they had me fucked up  
I gotta run my obstacles nigga loaded their guts  
Look at me I'm on tv that fat boy from brooklyn T  
That nigga that never graduated use to procrastinate

But then all i ever had to do is get my mother fucking mind right  
Came from nothing my momma was broke i know what a dime's like  
You say you a beast but to me you look like the lying type  
Niggers say they you until they see you in the limelight  
50 thousand middle finger up to all my haters  
Super curve the the more hoes who use to play us  
Pull up in the rari having hoes just looking like a sage  
My whole team lost up in this play and you can't save us
