Attack and decay

Ohohoohoh  
Ohohoohoh  
Ohohoohoooh

Hey

I owe you everything I lack  
I don't mind pushing dreams under the rug, oh love  
You and I are forever  
You and I are forever

Don't you cry we'll get up and start to play

Sing about it let's go astray  
Attack and decay  
Sing about it let's go astray  
Attack and decay

Ohohoohoh  
Ohohoohoh  
Ohohoohoooh

I grab everything that's within reach  
I'm at your throat I'm at your feet, oh lord  
You and I are forever  
You and I are forever

Don't you cry we'll get up and start to play

Sing about it let's go astray  
Attack and decay  
Sing about it let's go astray  
Attack and decay

Attack and decay  
Attack and decay

Don't you cry we'll get up and start to play

Sing about it let's go astray  
Attack and decay  
Sing about it let's go astray  
Attack and decay

Sing about it let's go astray  
Attack and decay  
Sing about it let's go astray  
Attack and decay
