

# Kaputt

Beatsteaks

Ho-ho-ho-ho-hoh

I light the stars  
The city calls  
I guarantee my heart  
I get along  
I can't go wrong  
And now I am above it all

Cause when it comes to love  
I stay sharp, cool and collected  
If the whole world goes kaputt, kaputt, kaputt  
I can take it  
And I get all I ever wanted  
Stay sharp, cool and collected...

I look for brains  
You got the skills  
Your walk is mean  
You fit the bill  
I work like mad  
To shuck and jive  
No matter how you spin this thing

Cause when it comes to love  
I stay sharp, cool and collected  
If the whole world goes kaputt, kaputt, kaputt  
I can take it (Yeah, yeah, yeah)  
And I get all I ever wanted

Cause when it comes to  
Love, love

I stay sharp, cool and collected  
If the whole world goes kaputt, kaputt, kaputt  
I can take it  
And I get all I ever wanted  
I stay sharp, cool and collected...
