

Magic Feel

Beatsteaks

Let me dive into the ocean
Sail across the seven seas
Will you shower me with treasure
Will you please, please, please

Give me everything
Come and take me in
Put a spell on me
A magic feel
[?] to be
I just wanna live to see

All I wanted
All I needed
Let me feel delight (huh)
I wanna touch it
I wanna taste it
Every day and night

Give me everything
Come and take me in
Put a spell on me
A magic feel
[?] to be
I just wanna live to see

Don't turn me down
I just wanna reach you
And be with you
Damage is done
Don't turn me down
I just wanna reach you
And be with you

Magic feel
Magic feel
Magic feel

Let me dive into the ocean
Sail across the seven seas
Will you shower, me with pleasure?
Will you please, please, please

Give me everything
Magic feel
Come and take me in
Magic feel
Put a spell on me
