

# Sucker Punch

Beatsteaks

It's gotta be alright  
Got enough on the record  
They'll be frozen to the core

Nothing felt like this before  
We are broke and neurotic  
Throwing bombs at the nation  
Like a tricked out sucker punch  
Shooting one by one  
Cheers

Lend me a robe  
Call me the man  
Roaring drunk and awesome again  
Gather your friends  
Lend me an ear  
Singing revolution  
Sing the revolution to me

Shoot the rocket from the floor  
It used to be calm now it's time for a storm  
It will be alright Got to shock so they hear us  
When the trigger is pulled  
We'll be smashing some glass  
We'll be kicking some ass

Lend me a robe  
Call me your friend  
Forever, forever  
Give me a hand, lend me an ear  
Singing revolution  
Sing the revolution to me  
Sing the revolution to me
