

Why & Because

Beatsteaks

So-oh-oh-oh-oh-oh-oh
This is why and because (Woh)
Why and because (Hah-hah-hah-hah)

This is where you swim
And this is what you eat
This is how you dream
And this is what we'll be

This is how you walk
And this is how you talk
This is what you see
And this is how you feel

This is what you believe
This is the air you breathe
This is what you need
This is what you keep
We got more up here
But if it's you and me
We're in communion

This is the one that I love
This is why and because
Why and because (Wooh, yeah, eh)

This is how you brush your hair
These are the colours that you wear
Another Friday night I'm [?]
This is exactly what it's [?]

This is what you believe
This is the air you breathe
This is what you need
This is what you keep
We got more up here
But if it's you and me
We're in communion
Communion
Communion

This is what you believe
This is the air you breathe
This is what you need
This is what you keep
We got more up here
But if it's you and me
We're in communion

This is why and because (Woh)
Why and because
