

Make me suffer
Through the cigarette smoke
I hate the smell but
It keeps pulling me in closer

I keep on running into friends
I don't know and
They'll do anything to
Feel like we got closer

Go home leave me the fuck alone
Go home leave me the fuck alone

Alo-o-one
Alo-o-one
Alo-o-one
Leave me the fuck alone

Maybe you should smile more
Learn to take a joke
But I don't think it's funny
When you play with my emotions

Once upon a time you used
To treat me like a ghost
So take it to the grave when I say
Fuck you and your mother

Go home leave me the fuck alone
Go home leave me the fuck alone

Alo-o-one
Alo-o-one
Alo-o-one
Leave me the fuck alone

Go home leave me the fuck alone
Go home leave me the fuck alone

Go home leave me the fuck alone
Go home leave me the fuck alone
Go home leave me the fuck alone
Go home leave me the fuck alone

Alo-o-one
Alo-o-one
Alo-o-one
Leave me the fuck alone
