

Friendly Planet

Beaver

It will leave me forever guessing
Wondering why, counting my blessing
How did I get to be one of the fortunate few
Limited men got unlimited views
A limited voice is trying to reach out to you
Oh, how I got to be so privileged
To discover a new planet out of the bleu
I'm glad I landed
On a friendly planet
Glad I stranded my ship
and landed my crew
On that planet out there in the bleu
That planet out there known
for its great atmosphere
That planet out there in the bleu
