

## Magic 7

Beaver

A magic spell times seven  
Will equal  $dam.c^2$   
An equation from heaven  
A game of truth or dare

I'm growing serious  
Mixing sesame with rice  
seed is perpetually falling  
Adding sugar to the spice

The art of escape  
I master so sly  
Look at the juggler  
The laws he seems to defy  
I'm growing serious  
Mixing sesame with rice  
Seed is perpetually falling  
Adding sugar to the spice
