

On Parade

Beaver

On this big old rollercoaster
On this roundabout I chose to ride
I will never know what hit me
Next thing my float is in full flight

And the sign read
Skyways ahead
We were at the gateway
You watch me take off

No, there ain't no purpose
There is nothing to say
I'm stepping out of your gravity

And the sign read
Skyways ahead
I have been parading
The emperor's dress

The sign read
Skyways ahead
We were at the gateway
You watch me take off
