

# I Love You

Bebe & Cece Winans

How do I know this is love?  
Can someone guarantee it's real?  
Could this end up like before?  
A wave goodbye and out the door  
I still believe the words you say  
Take the risk my heart could pay  
It's you I need, you are the cure  
There's no mistake this time I'm sure

'Cause if you say I can  
Then I know I will  
If you say you love me, then it's so  
If you say, if you say, if you say

Time and chance happens to all  
You somehow heard my silent call  
I waited here beside my tears  
A sure companion through these years  
Shower down just like the rain  
You be the healing for my pain  
All I need is just to hear  
The words "I Love You" in my ear

'Cause if you say I can  
Then I know I will  
If you say you love me, then it's so  
If you say, if you say, if you say

So tell me it's for always  
Tell me we're forever  
Tell me goodbyes just won't be  
If you say, if you say, if you say  
It makes the difference  
If you say, if you say, if you say
