

Still In Love With You

Bebe & Cece Winans

I found in you to be
A constant friend in need
Yet I decided to go another way
You still seem to care
Through all the pain and hurt
You still dare to open your heart
Since we part

I know that we've shared
In the past is through
But forgetting the past
And starting the new
I realized the other day
That I'm still in love with you
Oh, I'm in love with you

Through all the fights and cold wars
All the lies and slamming of doors
You still adored me and said you understood
Angered questions I'd asked
With soft answers you smiled and laughed
And then you held me so tenderly

Now I know that we've shared
In the past is through
But forgetting the past
And starting the new
I realized the other day
That I'm still in love with...

Your smile, your touch
Your ways, it's you that I love so much
And you've proved me
You're my destiny and I'm so grateful
Your voice, your words
It took some time, but now I finally heard
And I want to say
That I'm here to stay, and I'm so grateful
I realized the other day
That I'm still in love with...

Your smile, your touch
Your ways, it's you that I love so much
And you've proved me
You're my destiny and I'm so grateful
I realized the other day
Oh, I realized the other day
Oh, I realized the other day
That I'm still in love with you
I'm in love with you, oh...
