

Mine

Bebe Rexha

Turn a boy into a man in just one night
Now you wanna be my lover
Like you've never seen in colour
Yeah, I get off when I see that you're in pain
Want that high top or the mountain
Dipping in the holy fountain

You don't want love unless it's mine
Now you want it all the time
Yeah, you want me all out your mind

You don't want love unless it's mine
It don't feel right unless it's mine
24 hours on your mind
Now you want it all the time
You don't want love unless it's mine
It don't feel right unless it's mine
24 hours on your mind
Now you want it all the time
You don't want love unless it's

Look at you, looking up, down on your knees
Treading in the sacred waters
Waiting 'till the high gets stronger
Yeah, yeah, I'll keep begging begging, ooh
I'm your fetish, ooh
Come and get it, ooh

You don't want love unless it's mine
Now you want it all the time
Yeah, you want me all on your mind

You don't want love unless it's mine
It don't feel right unless it's mine
24 hours on your mind
Now you want it all the time
You don't want love unless it's mine
It don't feel right unless it's mine
24 hours on your mind
Now you want it all the time
You don't want love unless it's mine

I'll keep begging begging, ooh
I'm your fetish, ooh
Come and get it, ooh

You don't want love unless it's mine
It don't feel right unless it's mine
24 hours on your mind
Now you want it all the time
You don't want love unless it's mine
It don't feel right unless it's mine
24 hours on your mind
Now you want it all the time
You don't want love unless it's mine
