

# Good Trouble

Bebe Winans

Born in Troy, Alabama  
To Eddie and Willie Mae  
Share-croppers working  
In the heat of the day  
He knew there was so much more  
So he asked the Lord to show, yes he did  
All he achieved in his life  
We already know

He was there when you called in a hurry  
Truth he worked out, don't you worry  
He was willing to fight in the struggle  
And willing to get into trouble  
Mmh, yes he was  
He was willing to get into trouble

Took on the wrong of this world  
Like voting and civil rights, mmh  
No matter the problems we face  
We never lose sight  
Taught us to walk by faith  
And believe until the end  
Together, we'll soon overcome  
And love is gonna win

And I'll be there when you call in a hurry  
Tell you the truth, don't you worry  
He was willing to fight in the struggle  
And I'm willing to get into trouble  
Willing to get into trouble

And as you put on your wings to fly home  
We will continue to fight and be strong  
As you put on your wings to fly home  
We'll continue to fight, yeah  
Continue to fight

There when you call in a hurry  
Tell you the truth, don't you worry  
He was willing to fight in the struggle  
And willing to get into trouble

He was willing to fight  
And ready to fight  
Willing to get into trouble  
Willing to fight  
And ready to fight  
Willing to get into trouble  
Willing to fight  
And ready to fight  
Willing to get into trouble  
Willing to fight  
And ready to fight  
Willing to get into trouble  
Willing to fight  
And ready to fight
