

We're The United States Of America

Bebe Winans

We're the United States of America.
Home of the free and the brave.
Where we stand up and fight
And close endure what is right
We're the United States of America.

We're the United States of America.
Home of the free and the brave
Where we stand up and fight
And close endure what is right
We're the United States of America.

We're the United States of America.
The flag that is red, white and blue
In harmony our voices ring
As together we sing
We're the United States of America.

We're the United States of America.
The flag that is red, white and blue
In harmony our voices ring
As together we sing
We're the United States of America.

We're the United States of America.
And in God we will trust to the end
What we say and what we know,
We will pray our actions show
We're the United States of America.

We're the United States of America.
And in God we will trust to the end
What we say and what we know,
We will pray our actions show
We're the United States of America.

We're the United States of America.
Home of the free and the brave
Where we stand up and fight
And close endure what is right
We're the United States of America.

We're the United States of America.
United States of America.
