

When You Pray

Bebe Winans

When you pray
Everything will be alright
When you stay
Everything will work out fine
Just have faith when you pray

When you need a friend
When you need a friend
Just have faith when you pray

When you call Him
He will answer your prayer
In despair, I know, He'll right there
Just have faith when you pray

When you need a friend
On whom you can depend
When you need a friend
Be with you till the end
Just have faith, when you pray

When you call Him
He will answer your prayer
In despair, I know He'll be right there
Just have faith when you pray
When you pray

When you need a friend
On whom you can depend
Oh, when you need a friend
Be with you till the end
Yes, He will
Just have faith, oh, when you pray
When you pray

When you need a friend
On whom you can depend
Oh, when you need a friend
Be with you till the end
Yes, He will
Just have faith, when you pray
Say, when you pray

When you need a friend
On whom you can depend
Do you need
Do you need a friend
Be with you till the end
Just have faith, when you pray

I got proof if you just have faith, now
When you pray
Tell 'em what they gotta do
Tell 'em what they gotta do

Gotta believe, gotta believe
Just have faith when you pray

Tell 'em again

Gotta believe, gotta believe
Gotta believe, when you
Just have faith when you pray

When you speak to the mountain
Gotta believe, gotta believe
Gotta believe
Just have faith when you pray

And the mountains got to move
Gotta believe, gotta believe
Gotta believe, say now
Just have faith when you pray

When you speak to his cancer
Gotta believe, gotta believe
Gotta believe, cancer's got to go
Just have faith when you pray
Said, you gotta believe...
