

## With All Of My Heart

Bebe Winans

I was lost with out a purpose,  
Here alone with out a reason  
You appeared right out of the blue  
You offered me a manshion  
More than a pocket full of Gold  
More than just the riches  
You came and rescued me

[Chorus]

I will always love you  
With always my heart  
Cause I knew you love me  
Right from the start  
And you made a promise  
To never part  
Thats why I love you  
With all of my heart.

Now in every complication  
I know just where to go  
And in every situation  
You care oh my lord  
You always there to guide me  
And their to lend an hand  
Your love has never failed me  
And you understand

Ohh...

[Chorus]

I will always love you  
With always my heart  
Cause I knew you love me  
Right from the start  
And you made a promise  
To never part  
Thats why I love you  
With all of my heart
