

Without You

Becca

You watched me walk away
You couldn't make me stay
You know it's what I need
Or I wouldn't be leaving

The words you say to me
Will sting me in my sleep
If you decided you can't wait and see

You say you're helpless, hanging on
I didn't mean to make you sad
Your tears are killing me
But don't forget that

Without you

I don't wanna miss how the way you kiss
Changes me, it seems impossible
Every time I go I want you to know
That it's you who keeps me hanging on
I don't know how to give you up
I'm holding onto you no matter what
Everything I'll ever do never means a thing
Without you

I know you have your doubts
That we won't make it out
But all that I can say
Is that we're made for each other

Distant tears and aggravation
That won't stop the way I feel
I could never give myself completely

Without you

I don't wanna miss how the way you kiss
Changes me, it seems impossible
Every time I go I want you to know
That it's you who keeps me hanging on
I don't know how to give you up
I'm holding onto you no matter what
Everything I'll ever do never means a thing
Without you

Yeah, I don't wanna miss the way you give me bliss
I'll leave my heart with you 'cause you know how to keep it safe
You're the one I can't replace

Without you

I don't wanna miss how the way you kiss
Changes me, it seems impossible
Every time I go I want you to know
That it's you who keeps me hanging on
I don't know how to give you up
I'm holding onto you no matter what

Everything I'll ever do never means a thing
Without you

How the way you kiss
Changes me, it seems impossible
Every time I go I want you to know
That it's you who keeps me hanging on
I don't know how to give you up
I'm holding onto you no matter what
Everything I'll ever do never means a thing
Without you

Without you
Without you
Without you
